Office phone booths

## We are your partner for Phone Booths

The workplace is faced with more and more complex challenges. This naturally extends to the design of office spaces. Here, high demands meet limited budgets.

As a pure retailer brand of mute-labs GmbH, we are there to help you master these challenges.

We are your reliable partner and new work expert with years of experience in the industry. Making your customers happy is at our core. In doing so, our success story in direct sales as mute-labs within the last 4 years forms a strong foundation.

For us, beauty lies in simplicity. Our Berlin Acoustics SOLO is minimalistic, modern and timeless in design. Locally produced in Germany, ensuring top quality at a very attractive price. In this way, we make the modern workplace achievable for anyone.

# Our Principles

How we do what we do

## Sustainable materials

To protect the environment, we avoid unnecessary plastic. The wood we use comes from sustainable forestry and is certified according to the „FSC“ standards of the „PEFC“ and the new ISO 38200 : 2018. Our acoustic felt is made from recycled PET bottles.

## Highest quality

We manufacture 100% in Germany. This has two reasons: For one, it's the only way we can guarantee our quality and manufacturing standards. And secondly, with our manufacturing site being located in the heart of Germany (and Europe), we can achieve shorter delivery routes and a better carbon footprint.

## Good design

We give our best to design minimalistic, modern, timeless and yet stylish office phone booths, that deliver what they promise. No unnecessary and expensive extras - good product design lies in simplicity.
